12 Adult Milestones

There are now 12 milestones available in a manual or individually.

Milestones happen to people throughout life. And throughout life adults need occasions to be reminded of and supported in their lifelong faith formation. The Adult Milestone Modules do just that.

From getting that first job or becoming a parent to becoming a grandparent or caring for elderly parents, milestones in life are made all the more significant as these meaningful, memorable moments are made part of the journey of faith through Milestones Ministry.
